Why creators go Pro

- **Save hours on every video.** Pick a title, type your text, done. No building Text+ nodes from scratch.
- **Preview panel inside Resolve.** Watch the real motion of every title and click to insert.
- **Looks you will not find in free packs:** glow and shine text, liquid-glass widgets, SaaS launch scenes, sentence layouts, Glyph Flow animations.
- **Everything is editable** in the Inspector: text, font, size, colour, speed.
- **Updates and new titles for 1 year.**
- **Help on WhatsApp** if the install gets stuck.
